

# F#%K IT!

As Granny would say (not everyone's Granny is a cute grey haired old lady) we had so much fun the last time that we are going again.

Having had a relatively land locked summer it is time to go to sea again.

For all those who came the last time you know what to expect and for those that did not and in an effort to coax the hard earned out of your pockets here is what to expect:

- Up to 6 dives on a pristine reef and spectacular wreck, including tanks and weights
- 3 square meals a day
- Full dive briefs on what to see and expect
- Chocolate Bars and Soft drinks available on board at reasonable prices
- Set sail on the Friday evening and return to port on Sunday afternoon – so no need to take a day off work
- Moderate alcohol consumption allowed on board (BYOB) but no drinking and diving
- Best value live-aboard within reasonable travelling distance

## **All this for \$350 per person**

(Thanks to the skipper giving us last years prices)

- Full gear hire at \$50 for the whole trip.
- An additional \$10 for reef tax and \$15 mooring fee at the Yongala to be paid to the skipper on board.

**Please note that the S.S. Yongala is very weather dependant and the skipper's decision is final.**

**The first 20 people with their names and \$100 deposit to the clubs bank account secure a berth.**

The trip is open to NQUEC members first and then being opened up to other clubs and friends of members.
