

NORTH QUEENSLAND UNDERWATER EXPLORERS' CLUB INC.

Hi folks

The Calendar:

The committee got together last week to finalise dive and social trips for the next 5 months and it's looking good. We would love and need to have different people organise dive or social events so they keep happening. It's not hard and you can get advice from previous organisers. Simon is dead keen on trips including impromptu trips. If the weather doesn't behave itself there's always great camping trips we can do like Paluma.

2007	Dive	Social
May	Pelorus May 5-7	26/5 Townsville Maritime Museum 2pm
June	Reef Trip (David) 23 or 24 TBC	BBQ-Menz residence Bushland Beach 30 th 9/10 th Palm Creek Festival

Recent Pelorus Trip

Buddy Line:

The buddy line is a bit out of date. The plan is to update it from the Queen's birthday. So if you haven't renewed your membership and updated old details please do so by June 11th.

Julie will then update the buddy line which will **only** have current members and easier to manage for her.

We have two membership forms- one for new members and one for renewing members.

NQUEC exposure:

Chris has a flier which has been emailed to members. Please print off and circulate or post to help the club's exposure. Irena is working on getting our website up and running.

Hope to see you at the next Dive club meeting, first Tuesday in June.

Yvonne
